Our environment is constantly changing; sometimes drastically and other times gradually, but always new faces and ideas arise. Many times, in our search for a better and more modern way, we think that only a revolution will make a difference. Our forefathers felt this way two hundred years ago. Through their leadership and brainpower, they gained the support of the populace, who in turn gave their perspiration and spirit to work towards the common goal.

The Chenango Valley Football Warriors completed their first winning season since 1971 under their new head coach John Paske. With a record of 5 wins and 4 loses, the Warriors captured a second place finish in the Suburban Division of the Southern Tier Athletic Conference.

This feat certainly was a team effort highlighted by the leadership and determination of the sixteen seniors.

The J.V. Football Team missed being co-champions of their division by one game. The feeling is that they had a good season of 4-4-1.

Varsity Basketball: Row 1: Chris Oswald, John Dorner, Mark Fiato, D. J. Benza, Tim MacGregor, Dave Canale. Row 2: Sylvester McCray, John Tarbell, John Aiken, Coach Case, Dave Harvey, Dave Merrill, Chuck Thorne.

The 1975-1976 Chenango Valley Warrior basketball team consisted of one sophomore, eight juniors and only three seniors. Some of this season's highlights included excellent games against league powers North, Central, Norwich and Oneonta. In addition there were two fine overtime wins over S.V. as well as a one point thriller over C.C. Individual standout performances by underclassmen included Tim MacGregor's fine defensive games against S.V., Rick Aiken's high scoring and strong rebounding games against North and Oneonta, Chuck Thorne's solid all-around efforts during the second half of the season, Chris Oswald's excellent game at Oneonta, and Sylvester McCray's second half heroics in the Central and S.V. games.

Our three seniors proved valuable throughout the season. David Canale turned in solid ballhandling and defensive games, especially against Central and Oneonta. Dave Harvey showed strong rebounding at both ends of the floor and displayed hot shooting against Central, North, Norwich, and Oneonta. In addition, John Tarbell contributed steadily improving play and all-around floor leadership especially against tough opponents, scoring in the twenties at least four times including 25 against Norwich.

In conclusion, although this year's team most certainly didn't win all its games, anyone who saw these men in action saw solid hustling and exciting basketball throughout the season.

SENIORS START WINNING TRADITION

Few knowledgeable wrestling fans would contest the statement that the Warrior Wrestling Team is one of the top teams in STAC. The ten seniors on this year's team are passing on a successful heritage to Warrior Wrestling teams of the future.

As freshmen, most of these seniors were on the varsity team and they only won one dual meet. In their sophomore year they won four dual meets and as juniors they had a winning season - 8 wins and 7 losses. Their winning season this year, 11 wins and 4 losses, makes them the first Warrior Wrestling team to ever have two winning seasons in a row. They also have the distinction of being the first Chenango Valley Wrestling Team to beat Chenango Forks.

Dave Parkhurst, Vic Kasmarick, Mike Lamb, Brian Whitford, Dave Meagher, Gary Grunder, Jim Mackel, Dave Dickstein, Glen Stiner and Chuck Guditis are the ten seniors who have started a WINNING TRADITION at Chenango Valley.

The team placed second in the third annual Chenango Valley Wrestling Tournament with three individual champions, Dave Dickstein - 155 lbs, Glen Stiner - 167 lbs, and Chuck Guditis - 177 lbs. Vic Kasmarcik - 119 lbs, and Dave Meagher - 132 lbs placed second while Mike Lamb and Jim Hackel took a fourth place at 126 lbs and 145 lbs respectively.

The JV Team wrestled their way to seven victories this year, making it their best season in the last five years. The fact that wrestling is taking hold at Chenango Valley is evidenced by the large turnout of talented young men.

In addition to the dual meet victories, the team also won the second annual JV Invitational at CV with Mike Zachar, Jack Poodiack, John Fenwick, Marvin Williams, Norman Johnson and Marty Chiaramonte taking individual championships.

EASTERN DIVISION CHAMPS

The Warrior Varsity Baseball team captured the Eastern Division title, but lost to Ithaca in the STAC championship. After a fast start of three wins and no losses, the Warriors lost the next five in a row. Joe Mickel stopped the slide and began an eight game winning streak by beating Oneonta 5-1. The next eight wins carried the Warriors thru a tie for first place and for the Division Championship.

Key factors in the Warrior Success this year were: Good pitching by Kris Brown, Joe Mickel and Dave Wertman, 300+ hitting by Ron O'Neil, Joe Mickel and Rick Ruffo as well as one of CV's best outfield's in Jim Sayer, Gary Lewis and Frank Gaffney. All STAC Honors went to Ron O'Neil and Joe Mickel first team - Kris Brown and Jim Sayer second team All STAC.

Mrs. Kathleen Reilly - English

The English program, under the department leadership of Mr. Robert Reno, was designed with two purposes: 1) Improving students' ability to express themselves verbally and in writing; 2) Improving each student's ability to comprehend spoken and written English. Jr. High Students enjoyed literature such as MY FRIEND FLICKA, LIGHT IN THE FOREST, and ROMEO AND JULIET. Sophomores and Juniors were taught English skills forgotten from junior high, such as properly answering essay questions, using reference materials, and writing a literary analysis. Seniors were offered 14 different half year literary courses, from which they chose two. Of these, five were courses requiring a thoroughly documented research paper submitted during the semester.

Fractions, decimals, plane geometry, Introduction to Algebra, probability and statistics, solid geometry, coordinate geometry and elementary algebra were taught in junior high. Senior High students were instructed on plane geometry, intermediate algebra, trigonometry, introduction to calculus, probability, statistics, and linear algebra. A computer program starting on the seventh grade level was offered to teach the BASIC computer language, as well as general use and programming on a computer. The premier course offered within the department was Advanced Placement Math, a freshman college course in calculus, which gave college credit for several college-bound seniors.

SINK OR SWIM! — Webster

The Home Economics Department, headed by Miss Martha Millen, created a new course this past year - The Coed Home Economics foods course. This addition supplemented the regular curriculum, on the high school level. Advanced courses in family foods, nutrition, design and clothing construction were offered in a relaxing classroom atmosphere. Junior High students experimented with basic food preparation, simple outfit construction, and meal planning.

The Industrial Arts Department, headed by Mr. Milo DeCastro, offered many interesting courses on the Sr. High level including Graphics, Graphic Arts, Power Mechanics, Drafting, Automotive Tuneup, and Photography. Seventh and eighth graders explored the areas of woodworking, electricity, plastics, and metal working. A one semester course called Senior Elective Series was offered to senior males and females. The series emphasized work in areas that are of necessity in post-graduation life.

ONE AND INSEPARABLE! — Webster

The Science program, directed by Mrs. Marilyn Ross, begins an in-depth study on the ninth grade level. A General Science course (Introductory Physical Science) was offered to freshmen. For students whose interests and abilities enabled them to pursue advanced fields of science, Biology, Chemistry, Physics and Advanced Placement Biology were offered. Such studies included required laboratory write-ups on experiments and demonstrations. The general benefit for the students accepting the challenge was: a greater knowledge of living things (Biology), modern age developments and basic principle of matter and energy (Physics), and composition and chemical activity of objects on earth including man (Chemistry).

MORE THAN CONGRATULATIONS.

LIKE A GOOD LIFE • FULL OF CHALLENGE • AND THE OPPORTUNITY TO MAKE THE MOST OF YOURSELF.
WHILE YOU VISIT FARAWAY PLACES • HAVE FUN. MEET PEOPLE • MAKE FRIENDS.
YOU'LL LEARN TO LEAD • TO BE RESPONSIBLE FOR YOUR OWN JOB • YOU CAN CHOOSE TRAINING IN ONE OF 70 DIFFERENT CAREER FIELDS • IF YOU'VE GOT WHAT IT TAKES.
TRAINING FOR YOUR HANDS • YOUR MIND. FOR SKILLED JOBS • LIKE SEA-GOING ENGINEERING • ELECTRONICS • AIRPORT SERVICE • OR RADAR OPERATION.
GET MORE OUT OF GRADUATION • GET AHEAD. IF YOU SIGN UP NOW, YOU WON'T HAVE TO REPORT FOR UP TO SIX MONTHS • OR EVEN NINE MONTHS, IF YOU QUALIFY FOR A SCHOOL PROGRAM. A GOOD JOB • A GOOD LIFE. THE NAVY: IT'S A GOOD DEAL.
TALK TO YOUR NAVY RECRUITER. HE CAN EVEN TELL YOU WHAT YOU QUALIFY FOR BEFORE YOU ENLIST.
